Stan Lee Presents:

the AMAZING SPIDER-MAN®

ISSUE 375

Thirty years and six months ago, a hero called **Spider-Man** burst upon an unsuspecting world in the fifteenth and final issue of AMAZING FANTASY magazine. But although A.F. was not to see the light of day again, the web-swinging adventurer touched a chord among readers of the mag. They demanded he return—and return he did. In his *own* magazine.

Thirty years and no months ago, AMAZING SPIDER-MAN #1 appeared on the stands and history was once again made—by the same character. To help him in his solo mag debut, he had the help of the *Fantastic Four* and the hatred of the *Chameleon* and the family *Jameson*.

As the years have gone on, Spider-Man has become one of the most popular and recognizable fictional figures in or out of comics, with one of the greatest casts of friends and enemies. To celebrate the thirtieth anniversary of his eponymous, ongoing adventures, we proudly present the following tales. The first of these pits him, in an epic-length confrontation, against his most formidable foe of *today*. The others pay homage to some great moments in Spidey *history* ...and foreshadow tumultuous events of the *future*.

The past is prologue. Enjoy.

BULLPEN MARVEL COMICS BULLETINS

FROM THE MIKE

All right! All right! Enough already. The secret's out. What secret, some of you are still asking? The SECRET DEFENDERS that's what. So why am I making such a stink about this comic? I'm just crazy about the Defenders! Growing up wouldn't have been the same without this offbeat team part of my reading experience. Also, It just happens to be the hottest comic coming out of my office this month. Keep in mind, my other books, CAPTAIN AMERICA, QUASAR, DR. STRANGE, THOR, and the FANTASTIC FOUR UNLIMITED aren't exactly slouches either.

Due to circumstances beyond his control, Doctor Strange isn't as powerful as he once was, but he still has the ability to detect trouble in our world. Now he needs help from some of the most mighty heroes to battle new and startling menaces. Each and every month you'll get an opportunity to see what team he'll assemble next.

Oh, so you are tired of team-ups! This isn't any ordinary team-up book. Characters that have never even met each other will get the chance to battle alongside one another. Ever wonder what Nomad would say to Darkhawk the first time he met him? What about Wolverine's reaction to Spider-Woman? Aha! You're curious now! Now what if I told you it's being written by long time Doc scribe, **Roy Thomas**? How about penciling by sizzling newcomer, **Andre Coates** with inking by **Don Hudson**?

If I haven't grabbed your attention by now, I'm one lousy salesman. The first issue is on sale now. It's got a red foil stamped cover so you can't miss it. Hey, while you are at it, let some of your friends in on our little secret.

Take it easy,

Mike Rockwitz

Baby, it's cold outside! It's so cold, even Iceman has goosebumps!

Since it's so nippy outside, we thought this would be a good time to flash back to last Thanksgiving, just in time for the Macy's parade where we find our newest assistant editor, **James** "Professor" **Felder,** who's not exactly what'd you'd call a cold fish — he's more like a cool cat — marching with the NYU pipe band, playing his bagpipes all the way. And you thought only the balloons were filled with hot air!

November still makes us feel as cold as Captain America in an iceberg, so we'll go back even further to last October 31, and give you the results of our annual Halloween Extravaganza. Nobody gets left out in the cold at this little shindig. A high-point of the party is the Marvelympics, a highly competitive series of events designed to make us all look like idiots, including such terrifying contests as Bobbing for Comics, the Silver Sable Wrap, and the ever-popular Draw the Doofus!

The winners of this year's costume contest were Bullpenner **Darren Auck** as Sidney the Not-So-Super Skrull, **Dawn** and **Steve Geiger** of the Production Department as Ka-Zar and Shanna, **Kevin Tang** of the Direct Sales Department as Robin 3, and Director of Marketing/ Consumer Products Division **Maggie Trujillo** as New York's newest superheroine, Staten Island Girl! Other stand-outs included **Glenn Herdling** as Spider-Ham, and intern **Chuck Kim** as the 1970s Luke Cage, who ensured that we'd all have a sweet Christmas.

October is still a bit frigid for our tastes, so let's go back even further to those warmer, carefree days of last summer. It occurs to us that we never did give the final standings of the 1992 Marvel Softball season ... and if you got a look at our stats, you probably wouldn't have reported them, either! Team captains **David Wohl** and **Rob Tokar** were feeling lower than the Mole Man's foot fungus after the abysmal team standings this year. The final record for the Marvel Punishers this year was 3-7, with the Marvel-DC rivalry ending at two games to one in favor of our Devastating Competition.

This past Marvel softball season left many feeling cold as ice. Maybe that's because, like our characters, we're so used to playing hardball! But let's leave behind those dreamy summer days, and make our way back to the present. As we once again pass October, we find a couple more former bachelors have quit the single life, cold turkey! First up is NOMAD assistant editor, **Hector Collazo**, who married the lovely **Lisa Lopez.** As Hector put it, "I married her so I could gain U.S. citizenship and guarantee my future at Marvel."

The other October wedding was that of Marveloid Emeritus and Arachnerd for life **Jim Salicrup**, who had a Topps secret wedding of his own to the lovely **Paulette Powell.** Jim's busy with a gum-snapping comic line of his own these days, but he has a long history with Marvel and the Bullpen page, so we didn't want to give him the cold shoulder.

Well, we have more cold, hard facts for you , but we'll just put our ideas in cold storage till next week. Till then, remember, no matter how cold it gets outside, nothing beats the feeling of warmth you get when you read a Marvel comic!

DANNY FINGEROTH

ASSISTANT EDITOR

Attention correspondents: All letters considered for publication must include your name and address, though we will withhold that information upon request.

Dear Danny and David,

I think that you're making a big mistake with this storyline involving Peter Parker's parents and the Red Skull. I don't mean that it's a bad idea, though I'm generally disappointed with resurrections (whether true or false). I mean you're literally making a mistake.

It is well established that the Red Skull with whom Richard and Mary Parker were associated was not the original Nazi, Johann Schmidt, but rather his Communist imitator, Albert Malik. When the Parkers were killed (?) the original Red Skull was still in suspended animation in Germany. He had nothing to do with the Parkers. And Malik, the second Red Skull, was killed by Scourge some time ago (in CAPTAIN AMERICA #347) after being defeated by Hawkeye in SOLO AVENGERS #6.

So why, in AMAZING SPIDER-MAN #367, were the Parkers' names in the computer system of the original Skull? Either you all have something very clever planned or you've just based a major storyline on a massive continuity error.

Bradford R. Poston
4075 East River Road
Tucson, AZ 85718

We always have something clever planned, Bradford! Don't you think the original Red Skull, being the mastermind that he is, would usurp everything his "stand-in" learned during his long sleep?

Dear Spider-folks,

AMAZING SPIDER-MAN #367 was a very interesting issue. I enjoyed seeing Spidey and Solo take on the Red Skull's forces.

There was, however, one problem with this issue--the inclusion of ULTIMATUM. While ULTIMATUM used to have ties to the Red Skull, it no longer does. Flag Smasher, the founder of ULTIMATUM, purged it of all agents loyal to the Skull a while back. If you need evidence of this, check out CAPTAIN AMERICA #394. On pages 8 and 9 of that issue, you see all the organizations with ties to the Red Skull. ULTIMATUM is not there.

The only reason I can see for ULTIMATUM agents working for the Skull is that they were impostors used to falsely implicate Flag Smasher's organization.

Aside from this one point, I found issue #367 to be very enjoyable. Let's see more of the Red Skull in future issues.

Ben Herman

Wow! Two Captain America fans in a row! Ben, you're partially correct about the Red Skull's ULTIMATUM agents, but they're not really impostors. Do you really think the Red Skull would allow Flag Smasher to disrupt his plans by eliminating every renegade ULTIMATUM agent?

Dear sirs,

While it's been nice to see some of Spidey's older foes, the current Spider-Slayers storyline remains completely unimpressive. Although the Black Cat showed potential this issue, the overall characterizations have been rather dull of late, giving us the same old rehash of past issues, with the portrayal of Mary Jane being unforgivable at best. Not since Gwen Stacy has there been a supporting character of this stature, but it would seem the Powers-That-Be are determined to screw her up.

I'm also totally unintrigued by the Richard/Mary Parker subplot. They were more interesting dead.

I am, however, enjoying Mark Bagley's work here. His Spidey is strongly reminiscent of the Ross Andru/John Romita days and is second only to Steven Butler's rendition. While I enjoy Sal Buscema's and Alex Saviuk's versions over on SPECTACULAR and WEB, this is the Spider-Man I grew up on.

The only other redeeming quality of recent issues has been the J.M. DeMatteis back-ups, and "The Web" was certainly no exception. While Aunt May has always been among the more prominent of the Spidey cast, she has also been one of the least developed on a personal level, and this look into her past was greatly appreciated.

Stick around, Marson! The next few issues should wipe away any doubts you have about the current storyline!

Dear Spider-Men,

This is my first time writing to you and I'd like to say your comic is great! I started collecting ASM in 1989 during the "Assassin Nation Plot" and I've gotten almost every issue since. I'd like to compliment Mark Bagley and Bob Sharen for their excellent work on the book.

I got a nice surprise in issue #368 when Felicia returned. I hope you can somehow have her get back her Black Cat powers. I think Spidey will need all the help he can get against these robots.

I am eagerly awaiting issue #369 to come out so I can see Mr. Bagley's rendition of Electro. I'm sure it'll be great!

I am only 11 years old and I don't receive a large allowance from my parents. With the price of comics at $1.50 (Canadian) plus G.S.T., I can't get my three favorite titles every month. Why is the price so high now?

In closing, I'd like to ask anyone who likes Spider-Man comics to write me. In my opinion, ASM is the best comic around.

There are many Spider-Man fans eager to write to you, Ryan, but it would have made things easier if you had included a zip code! As for the price of comic books, well, other than non-cable television, where will you find such action-packed entertainment for such a meager price?

Yo Spider-Dudes,

Issue # 368 was beautifully done. Mark Bagley really knows how to portray Spider-man: sleek and fast, not too bulky but not too thin. I really have to say I miss his penciling on the NEW WARRIORS. Will he ever return to it? Fat chance, huh? Well, why not just do a crossover with the New Warriors. I mean like six issues each. That would really be a blast.

Okay, about the issue. Like I said, the artwork was fantastic. I really enjoyed the metallic creatures out to get Spidey's hide and am curious as to who the try-hard Xavier look-alike is. But what I really liked about the book was the scene where the worker with the jackhammer. To me, super-heroing really pays at times like these. With guys like the jackhammer guy, fighting bad guys could be really worthwhile. I mean, even non-super heroes could learn from what happened here. When you do a good deed for someone, especially someone you really don't know, there will come a time when you will need that favor returned. Now that's worth doing a good job for.

Hey, that's what Spider-Man is all about, Mel--responsibility toward one's neighbor. And you're absolutely right, that mind set does not necessarily have to be reserved just for super heroes.

Dear Editor,

Let me say that I think AMAZING SPIDER-MAN is one of the best comic books on sale now. The art is terrific and the storylines are MARVELous.

The reason I wrote this letter is because I think I know the identity of the mysterious figure in the epilogue. TA-DA! It's Alistair Alonso Smythe. I'm right, aren't I?

Paul Nichols

As you know by now, Paul, you were right on the money! Guess you picked up on the clues we laid!

Dear Danny,

So, AMAZING SPIDER-MAN is again available twice a month, eh? Great news! A double helping of web-spinning wonders every thirty days. Plus, "Invasion of the Spider-Slayers" so far seems much better than last year's "Round Robin" story. For one thing, the issues are not overcrowded with countless, pointless guest stars, and for another, there is the intriguing subplot of Peter's parents. Like Peter, I'm not totally convinced that these people are the genuine item, and I still think the Red Skull has some explaining to do.

Who is the mystery man in the weird chair sending the robots after Spidey? Alistair Smythe, perhaps? Nah, too obvious! And what is the Black Cat up to? Yep, this story has me hooked. I like to see the odd appearance by Electro, Scorpion, and other classic bad guys, as long as they don't pop up too often.

TM & © 2004 MARVEL

David's plots and dialogue are always enjoyable, but lately he seems to be overdoing the action, allowing the characterization to slip. Mary Jane's smoking is a step in the right direction, though. And Mark B.'s art is as good as ever.

One thing--why does Spidey constantly dismiss or ignore his spider-sense? It buzzes to warn him of danger, so he should pay some attention to it. Without his extra sense, he would have been killed a long time ago.

All in all, a nice couple of issues. The real highlight was the Harry Osborn back-up story, which tied in well with SPECTACULAR SPIDER-MAN. A regular back-up spotlighting various villains and supporting characters is a good idea. It worked well in CAPTAIN AMERICA and Spidey has no shortage of co-stars to fill the extra pages. This could also showcase the talents of some of Marvel's lesser-known artists. So go for it!

The back-up stories were a regular feature in AMAZING SPIDER-MAN throughout the bi-weekly storyline. And we've got a few this very issue, too! They enable us to explore some facets of the Spideyverse that sometimes get neglected, while giving David and Mark time to do relaxing things--like producing the VENOM: LETHAL PROTECTOR limited series that is (like we had to tell you) on sale *now*!

Hey!

You guys are getting on my nerves! First you kill off Tony Stark, then you bring back Peter's long-dead parents! Where does it end? How badly will you mess with your characters just to sell more comics? I've seen the charts and graphs indicating how much of the market share belongs to Marvel. Out of all the comics sold each month, 50-60 percent are Marvel titles, which is great. But does the end justify the means?

This may be comics, but some things should not happen! Peter's parents should never have been brought back. The driving force behind him being Spider-Man is guilt over his dead parents and his reluctance to stop a criminal who ended up killing his uncle. Now he's driven to do the right thing. What if Uncle Ben had never really died, but instead was used in an experiment that turned him into a cyborg. Do you see what I mean? Some things should be left alone. It's difficult to put into exact words why Peter's parents shouldn't have been brought back, but it just doesn't seem right.

It was great to see Peter finally explode at Jonah in the back-up story of issue #368. He should have done it a long time ago. The part that gets on my nerves is that you have Jonah acting like a complete vulture. He may be a jerk, but he isn't a villain! Deep down he cares about people, especially Peter and Robbie. I don't believe he is so hungry for a story that he would leech off the pain of a friend and co-worker.

Thanks for your time.

And thanks for your comments about Peter's parents, Michael. Apparently, you're a SPECTACULAR SPIDER-MAN fan too, since you must've found out how much Spidey's guilt over his folks has burned within him over the years, as we discovered in "The Child Within."

All we ask is that you stick around a while and see for yourself if Richard's and Mary's return doesn't add to the intensity of Spider-Man's adventures.

Dear Marvel,

I have enjoyed the first two issues of "Invasion of the Spider Slayers (#368-369). The stories you tell are your own, and I don't want to tell you how to write them, but I do have a problem. On page four, Mary Jane smokes a cigarette.

What writer (David Michelinie), editor (Danny Fingeroth), or editor in chief (Tom DeFalco) allowed this to happen? I don't know if you realize it, kind sirs, but SMOKING IS HARMFUL TO YOUR HEALTH! I feel for people who are addicted to smoking. My mother smoked for 35 years and quitting has been the most traumatic thing of her life. Nevertheless, the act of smoking is simply not smart and certainly not to be encouraged.

To see you portraying Mary Jane as a smoker with an attitude was disgusting. It was out of place in a Spider-Man comic and out of touch with current health trends. "I *need* this more than you *don't*." Well, that's a fine excuse.

But I can already hear your answer. "Mary Jane is a real person, and real people have real problems." Can it, please. Get rid of the cigarettes. For our health of mind.

You answered your own question, Jason. Mary Jane does have a problem, and she's going to have to face the consequences of that problem...maybe sooner than she thinks!

Dear David & Mark,

Re: "Invasion of the Spider-Slayers!" Part I and Part II

Way out cool! Bagley's artwork has gotten better and better, but I kind of miss Spidey's "nostrils" on his mask.

I remember Mark's first job on AMAZING SPIDER-MAN #345 and it looked lousy and lazy. I can't believe this is the same guy! Against Larsen, Bagley wins hands down!

Dear Marvel or whoever opens this letter,

I am writing to ask you for information on some of Spider-Man's coolest and best enemies. I only started collecting comics about a year and a half ago, and I would really like to know more about Spider-Man's foes.

This letter is also to thank all the great artists, writers, editors and whoever else helps make Marvel the best comic company in the world.

Until Peter Parker gets bitten by a radioactive spider and...whoops, never mind.

Mike, being relatively new to the Marvel Universe, you may wish to pick up a valuable source of information we publish every month. It's the MARVEL UNIVERSE MASTER EDITION, and it features biographical and bibliographical information about all our characters on loose-leaf sheets that fit neatly into a nifty binder that's also available at your local comic book store.

Dear Spider-lovers,

In response to your poll for the cast of the SPIDER-MAN MOVIE, do you know who'd make a good Spidey? Charlie Sheen! Other possibilities:

Spidey:	Jim Carrey
Mary Jane:	Nicole Kidman
Uncle Ben:	Marlon Brando
Aunt May:	Jessica Tandy
Electro:	Robin Williams
Green Goblin:	Michael Ironsides
Sandman:	Dolph Lundgren
Doc Ock:	John Lithgow

Well, I like them. Hope you do, too. Until next time...

Thanks, Joey! Keep those suggestions coming, folks. Maybe we'll poll some of the Spider-creators around here and print their ideal choices for the SPIDER-MAN MOVIE cast!

NEXT: While Mark Bagley takes a sabbatical to work his wondrous pencils on the VENOM: LETHAL PROTECTOR limited series, *Jeff Johnson* guest pencils issues #376 and 377, where *Cardiac, Styx* and *Stone* return to bedevil Spidey! And in issue #378, Mark will return to handle this mag's first chapter--Chapter 3--in the all-Spider-book 14-part "Maximum Carnage" crossover!

CHUCK ROCKS
YOUR SUPER NES!

He's fat, he stinks and he's one of the best-loved characters ever to climb his way out of the primordial slime and onto your video screen. In this rockin' new 16-bit adventure for your Super NES, you'll join Chuck Rock on his belly-bashing, odor-kicking, rock-tossing mission to rescue his wife Ophelia from arch-rival Gary Gritter. You and Chuck, who's equipped with a pea-sized brain and nuclear body odor, have to crush some pretty strange characters, like the wild and wooly mammoth, one mean triceratops and a saber-toothed tiger who's permanently hot under the collar. Together, you and the Chuckster swim through swamps, travel up volcanoes and shiver your way through the ice age — all in the name of love! Nineteen levels set in five prehistoric worlds. Eye-popping graphics and very cool animation. If you wanna rock, you gotta get Chuck Rock.
